Independence Items

(Capital Journal Special Service.)

Independence, Ore., Sept. 16.—Mr. John C. Hastings died at the home of his daughter, Mrs. P. L. Hedges, on Monday, September 11, 1916, of heart trouble, at the age of 83 years, 5 months and 23 days. The funeral services were held at the home of P. L. Hedges, on C street, on Wednesday, September 13, at 1 o'clock by Rev. H. C. Stephens, of the Christian church, of which Mr. Hastings was a member. Mr. Hastings was an Oregon pioneer of 1852, and also served in the Indian war of 1856. He is the father of six children, who will mourn his death. They are: Mr. H. G. Hastings, of Albany; Mr. B. S. Hastings, of Klotas, Wash.; Mr. J. L. Hastings, of Portland; Mrs. Alice Counterman, of Portland; Mr. J. F. Hastings, of Klotas, Wash., and Mrs. P. L. Hedges of this place. The interment took place in the English cemetery at Astoria, Oregon.

Big Street Dance for Hop Pickers. The business men of Independence gave a big street dance for the hop pickers here on Wednesday night, it was largely attended by the pickers from the various hop yards around here. The Corvallis firemen's band furnished the music. Everyone had a good time.

Mrs. Bertha King was a Corvallis visitor on Thursday.

Mr. H. Hirschberg made a business trip to Portland on Thursday.

Mrs. Olin Whiteaker left the last of the week for Milton, Oregon, where she has accepted a position as a teacher in the school there.

The friends of Johnnie Nelson are pleased to hear that he is now on the road to recovery after an illness of several weeks, with pneumonia.

Miss Pearl Smith leaves for Corvallis Saturday, where she has a position as a teacher in one of the schools there.

Mr. W. H. Bloek and Buck Foster are attending the Round-Up at Eugene this week.

Mr. J. Patterson was a Portland visitor this week.

ST. PAUL ITEMS.

The St. Paul public school will open Monday, September 18th, and as open picking will practically be over, attendance will likely be almost complete from the start.

Messrs. Kummer and Rich of the St. Paul Meat company have added an automobile delivery to their regular equipment during the busy season. They intend to make this feature a permanent proposition as they are hustlers and are after the business that rightly belongs to them.

Several parties have thrashed small acreages of vetch for seed this fall with good results, getting on an average 800 bushels of good seed per acre. Clover seed prospects are quite good in this vicinity, some fields being estimated to bring at least 4 bushels per acre. None of the red clover has been killed, so it can be considered only a guess. Hop picking is moving slower than usual this year and many home pickers have helped pick at four or five yards. Not as many outside pickers were needed as in other years.

Last spring J. R. Jackson moved to into Morrow county having traded his place near Branderides for a dreary looking ranch up in that country. He is now harvesting over 500 acres of wheat, which, it is reported, is going from 30 to 35 bushels per acre. No one envies Jerome his good fortune, as he is a very hard worker. We are looking for him to soon be in a position to retire.

Sept. 12.—Smith Bros., of this place, shipped six cars of their Hereford and Southern steers to North Portland stock yards last week via the top, \$7 per hundred for them from Barton & Co., of Seattle. Although they have been turning off a nice lot of cattle each year, the stockmen at the yards claimed that this was the nicest lot ever sold at North Portland. When one considers that they were grass fattened this year, some of them were bottom where they were finished. Other farmers in the valley with fine creek or river bottom land or perhaps with the assistance of a silo or two might find fattening cattle for market profitable also. —Woodburn Independent.

Their sons Edward and Berry were in the party and it is the purpose of Edward to remain with his grandparents and attend the Hubbard high school.

Homer Beck went to Portland Tuesday morning to see if it was possible to arrange for shipping a special order of lumber to Hubbard recently sold there the several sites recently sold there. A shortage of the many places where crop shortage on the S. P. has put a kink in the affairs of the valley.

Contractor Welton started the construction of Hubbard's sewer last Monday, although only a few men were available for the work. Wednesday two more local men reported and that morning Mr. Welton arrived with five of his men from Portland who have been with him on other work, so that by the time the pipes arrive for laying it is thought sufficient men will be on the job to push the work along.

Some of the hop yards west and north of Hubbard have paid one cent a pound to get their crop picked, nearer Hubbard eighty cents was paid. A scarcity of pickers at any price is noticeable this year for the first time. Picking evergreen blackberries in many instances has proven more alluring than hop picking. A good many moulty hops are found, which added to his other troubles the grower has more than his share.—Enterprise.

WOODBURN NOTES.

The Woodburn public schools will open Monday morning. The grades will be conducted in the Westside building, except a part of the first and second grades, which will be located in the high school building. The high school will be transferred from the Westside to the new building on the Eastside.

A negro itinerant preacher, who had been holding "revival services" at Silverton, was arrested Tuesday on a warrant sworn out by irate citizens. He is under arrest on charges of using abusive and obscene language in his talks. He succeeded in escaping the wrath of the citizens and fled the town. Ed Johnson, who attended the meetings, decided he wanted to go to heaven in his Ford, but only got as far as the insane asylum. Johnson is a well known hop grower. The negro has hypnotic influence.

L. H. McMahan of Salem, one of the best lawyers in the state, was in the city well known here, his friends everywhere in this community, having formerly been a resident of this city and the founder of the Woodburn Independent. He is a man of vigor, very progressive, honest to the core, and had blocked several dark schemes and saved this state many thousands of dollars. He certainly proved himself the taxpayers' friend.

A little difficulty was experienced when the new dryer at the T. A. Liversley hop yard was tried out, but this has been overcome, it is said, and it is now doing better work than any two or three of the old-time dryers. When it gets into perfect action it will cause a revolution in hop drying and also in tea and other drying for people are expected there from all parts of the world with the object of giving it a thorough inspection. When it is pronounced by critics as a great success, the dryers will be manufactured by the Woodburn foundry and machine shop, the capacity of which will be enlarged to handle the many orders that will come in.

CHERRIANS TO VISIT POLK COUNTY FAIR

Arrange to Make Trip Wednesday Will Also Show Up at State Fair

"We've got a reputation for being live ones and we've got to maintain it, by heck" or words to that effect, exclaimed King Bing Deckebach at the meeting of the Cherrians last evening, when considering the proposal to attend the Polk county fair next Wednesday.

And as a result of this burst of enthusiasm, a committee consisting of Wm. Gahladorf and T. L. Billingsley were appointed to solicit members by which at least 50 of the Cherrians will attend the fair at Dallas.

L. L. Patterson, president of the Polk county fair, spoke briefly extending the invitation of the fair board, saying that it would be of benefit to Salem as well as to Polk county if everybody was better acquainted.

As a special inducement for Wednesday afternoon, the fair would put on a boys and girls cow boy race and as the girls are first class riders, they will compete with the boys and not with each other.

The motion was carried that the Cherrians accept the invitation of Mr. Patterson and arrangements made whereby a trip could be made to Dallas on the motor, leaving here about 1 o'clock and returning at 7.

After spending \$2467 for transportation and other amounts bringing the total to more than \$3000, the finance committee of the Marshfield trip reported the Cherrian organization to be still 95 cents to the good.

To Give Jitney Dances. Two trips are under consideration for the Cherrians next summer, and to help in deciding whether they shall be the Yellowstone National Park or Alaska, a committee consisting of C. L. Dick, M. L. Meyers and Hal D. Patton was appointed to gather information as to cost. It was suggested that a club be formed of those intending to go and that members pay in at the rate of \$5 a month.

On motion of Hal D. Patton, the entertainment committee was instructed to give a jitney dance at the armory every two weeks beginning after the state fair. The opinion was expressed that from various standpoints, the jitney dance under the auspices of the Cherrians was a good thing for the city, besides putting money in the Cherrian treasury.

The Cherrians will endeavor to be more in evidence this year at the state fair, as the opinion was expressed that last year half of the Cherrians didn't know there was a fair in the city and very few of them were in evidence at any time. This time the organization hopes to do better.

In order to provide for the taking in of honorary members not living in Salem a committee consisting of M. L. Meyers, Walter Winslow and Hal D. Patton were appointed by King Bing to draw up an amendment to the constitution.

Lloyd T. Rigdon was proposed for membership and referred to the membership committee and Wm. Gahladorf said he was looking for the man who got away with two red ties during the Marshfield trip.

Invited guests were: Elizabeth McCord, Earl Armstrong, Teresa Armstrong, Margaret Poorman, Olive Dose, Lawrence Dose, Dorothy Austin, Julia Belle Austin, Gene Birch, Winton Hunt, Gelta Mae Hunt, Warner Guiss, Jack Guiss, June Goodale, Dorothy Cammack, Marion Roanot, Edith Roanot, Ruth Yergen, Mabel Wagonblast, Cecilia De Boest, Alvis Love, Lovell Collins, Ruth Johnson, Katherine Livesley, Peggy Shorey, Freda Guldeen, Dorothy Goodeen, Miles Drake, Margaret Drake, Claire Cornell, Isabel Becker, Juanita Hieck, James Kilen, Louise Shorey, Gertrude Shorey, Russell Stannard, Kelly Stannard, Katherine Mishler, John and Carl Steelhammer, Josephine Walsh, Alice Kettle and Lona Alleman.—Independent.

VOTERS OF BORDER STATE ENDORSE WILSON'S POLICY

ARMORED CRUISER MEMPHIS AND HARBOR OF SANTO DOMINGO CITY

JUSTICE WEBSTER TURNS FRAY LOOSE Says He Cannot Be Held Responsible Because of Others Insanity

"So far as the insanity of the man Johnson is concerned, there have been many people who have gone insane through religious fervor, but I have never heard of the preachers being held responsible for it. I can see nothing in the evidence to show why, so long as Billy Sunday is permitted to continue doing as he does, why this man should be held. I shall therefore discharge him."

These words from Justice Webster this afternoon brought to a close the trial of Fray, the colored evangelist, on a charge of vagrancy. Fray has been conducting a series of revival meetings at Silverton during the past two or three weeks, and about a week ago a citizen of that town who had been an attendant at the meetings went insane and was committed to the asylum.

This incident brought to a head trouble that had been brewing for some time, it being affirmed that Fray was disturbing the peace of the community, not alone because he spoke in a very loud tone but because he ground and made accusations against some of the citizens of the town.

Fray was forced to leave Silverton recently in order to avoid violent treatment at the hands of those who had offended.
